

Muffler

Universal Racing Medallion Angle Style Muffler with Silencer

04-RM-A-R

Specification

CG Distribution Stainless Steel Street Performance Mufflers are straight-through universal-fit, designed for the high tech street or race imports.

These mufflers use only the highest quality materials and are tuned to the specific needs of the import engine to maximize flow and performance and to produce a smooth, deep, tone.

The tip and body options allow you to choose the look that fits your own personal style.
